

MBBS Student Feedback 2018-19

Feedback pertaining to student's interaction with teachers of preclinical subjects in theory as well as practical was collected from MBBS batches 2015, 2016 and 2017 and was evaluated based on Likert's scale.

Results of the evaluation are tabulated in the following table:

Interaction	2015		2016		2017	
	Likert's Scale	Percentage	Likert's Scale	Percentage	Likert's Scale	Percentage
During lecture classes (Inclusive of brain storming, debates and group discussion)	>3.5	76	>4	77	>4	77
Practical's & demonstrations	>4	77	>4.5	80	>4.5	80
